My Dashboard

Your school will provide your username, password, and the correct URL – most students sign in at www.apexvs.com. For security reasons, Apex Learning Support does not distribute sign in information.

After signing in, you are taken to My Dashboard where you can:

• Access your courses and view progress information
• See important announcements posted by your teachers
• Send messages and submit work to your teachers
• View your calendar of activity due dates

How to Submit Your Work

Some activities, like quizzes and tests, are computer-scored and completed online in the course window. Other activities have worksheets to print or to download and complete on your device. Ask your teachers how they would like you to submit your work. They may ask you to print and submit in person or you may need to scan or upload your work and submit it online using the Messages feature on My Dashboard.
